RISK SOLUTIONS INTERNATIONAL FORMS PARTNERSHIP WITH AGILITY RECOVERY SOLUTIONS

(March 18, 2008, New York, NY)– Risk Solutions International LLC, the leading operational risk solutions company, today announced an partnership with Agility Recovery Solutions, the premier provider of mobile on-site recovery and business continuity services. The companies will provide solutions to help businesses, educational institutions and government entities mitigate their immediate and longer term operational risk exposure, and to accelerate their recovery from incidents that threaten their critical operating functions.

The partnership was formed to address the complex and threatening risks facing organizations today and the criticality of maintaining operations through the life of a debilitating disaster. Risk Solutions International's ability to provide its clients with world class solutions and thought leadership for assessing, mitigating and managing the impact of their operational risk will now include customized, portable recovery solutions on-site, through its partners at Agility Recovery Solutions.

Complementing Risk Solutions International's strategy to ensure its clients' long term viability, Agility Recovery Solutions understands how today's risks can impact the continuity of organizations' core business operations beginning immediately after an incident. Agility offers the most comprehensive range of flexible, cost-effective and practical disaster continuity and recovery programs - all of which are geared to developing and delivering custom solutions onsite to their customers. The company provides organizations with mobile office space, generators, power supply, laptops and equipment - all within 48 hours of an incident. Agility Recovery Solutions will now be able to provide their clients and prospects with key consulting and advisory information through Risk Solutions International's top experts, as well.

"Be it a bomb threat, epidemic, power outage or an 'everyday' incident, when an crisis occurs, organizations often discover that they are unable to proceed with basic business functions." said Duane A. Lohn, Executive Vice President, Risk Solutions International. "However, Agility Recovery Solutions reconnects an organization with its business lifelines— helping them stay connected with customers and employees and, ultimately, allowing them to survive.

According to Bob Boyd, Chief Executive Officer of Agility Recovery Solutions, "Statistics show that 90% of companies which are unable to resume operations within 5 days of a disaster will go out of business. Simply put, when it comes to disaster recovery, businesses that plan will survive. Those who don't, will not." Boyd adds, "Our hope is that all businesses, regardless of size, will

have a clearly defined recovery strategy. The Agility RSI partnership helps extend our reach and takes us one step closer to achieving that goal.”

Risk Solutions International provides a full range of business continuity, emergency response, compliance, incident and crisis management, investigative services, and security and supply chain management services. The firm provides its clients with world class solutions and thought leadership for assessing, mitigating and managing the impact of their operational risk. Risk Solutions International practitioners are experienced thought leaders who have achieved the highest levels of professional recognition. They maintain active certifications from the leading industry associations and boards and are members of key industry standard setting groups.
