Risk Solutions International to Address University Risk Managers at Impact 2008

Neil Kaufman, National Business Continuity Practice Leader at Risk Solutions International, together with Barbara Schatzer, Risk Manager at the University of San Diego, will describe how to develop business continuity plans at the university level.

The presentation will be made at the Annual Conference of the University Risk Management and Insurance Association (URMIA) in Washington, DC on Thursday September 11, 2008 from 2:30 PM to 3:45 PM at the Hyatt Regency Washington on Capitol Hill.

It will include a description of the business continuity work that Risk Solutions International for the University of San Diego from a practical standpoint and what strategies work for various departments residential life, academic departments and supporting business functions.

Risk Solutions International specializes in comprehensive operational risk services for colleges and universities – from business continuity assessments and disaster recovery strategies to web-based comprehensive emergency management plans, and from campus visual tactical mapping to training on *Understanding Campus Shootings* and collegiate threat assessment models.

“Colleges and universities present a unique set of operational risk challenges and needs that can be more complex in some ways than commercial clients,” said Mr. Kaufman. “Our experience at both public and private higher education institutions have prepared us for the integration of operational continuity and emergency preparedness that we see on campuses nationwide.”
